NEW YORK FIRE FORCE THE BEST.

The Verdict of the French Firemen After a
Tour of America.

Chief Varigault, Commandant Krebs, and
Capt. Cordier of the Paris Fire Department
returned to New York yesterday after a two-
month tour of the United States and Canada
for the purpose of inspecting the fire depart-
ments in the larger cities. Chief Varigault was
seen last evening by a Star reporter at the St.
James Hotel, where the party is stopping. He
said:

We have visited New York, Boston, Philadel-
phia, Cleveland, Chicago, St. Louis, New Or-
leans, Cincinnati, Pittsburgh, and Washing-
ton. We have been everywhere with the
greatest kindness, and our trip has been a com-
plete success. In every city that we visited a
fire alarm was sent in and a portion of the de-
partment turned out and showed us their meth-
ods of work.

The New York department is far ahead of
any other that we have seen in this country, both
in equipment and discipline. Next I should
rank the Chicago department, which is also good,
but not so good as the New York department.
The Paris department is also good, but not so
good as the New York department.

How does New York compare with Paris in
its fire department? asked the reporter.
"That is difficult to answer," replied Mr. Var-
igault. "As a whole, our fire department is
better than the Paris department. We have not
so many engine houses or alarm boxes, but our
equipment is better. I think the Paris depart-
ment is fully equal to that of New York. I have
under me four engine houses in Paris. I think
that the Paris department is the most efficient
in the world, although I do not think that the
cities which we visited are still inferior to it."

What is the highest term of the treatment that they had
received upon this first visit to the United
States? asked the reporter.
"They all agreed that the East was far more
than the West. They expect to remain in the city
until Saturday, then they will sail for Havre."

Knocked from her bicycle.
Miss Katherine Arens, who, with her sister,
lives with Herman Sheehan's family, at 61
East Sixty-fourth street, was seriously in-
jured yesterday while riding her bicycle on
Madison avenue. She had been out for an after-
noon's ride, and was returning home, when she
was struck by a heavy truck, belonging to
Dunbar's express, was coming down the thor-
oughfare.

Miss Arens overtook the express wagon just
before she reached Sixty-fourth street, and as
she reached that street, she undertook to cut
across the path of the express wagon. She was
struck by the rear of the wagon, and was hurled
to the ground. She was seriously injured, and
was taken to the hospital.

M. BOURGEOIS'S ADDRESS.

HE ANNOUNCES THE POLICY OF THE
NEW FRENCH MINISTRY.

The Government would introduce a bill pro-
hibiting Senators and members of the Chamber
of Deputies from holding positions as directors
of any companies having contracts with the
State, under the penalty of losing their seats.
It was also proposed to modify the law con-
cerning accused persons, making their pre-
liminary imprisonment more severe.

Numerous crimes and grave and tragic events
had retarded legislative reforms which various
commissions had prepared long ago, and the
nation now awaits the methodical and resolute
effort necessary to obviate the existing deadlock.

100,000 TONS AT A GLANCE.

550 Kegs of Powder and Four Tons of
Dynamite Exploded in a Granite Hill.

ROCKLAND, Me., Nov. 4.—The most stupen-
dous blasting operation known in the East was
the lifting of a hill of granite at Long Cove, Me.
The explosion was like an earthquake.
Since December last there has been drilling into
the mountain a tunnel 50 feet long, with arms
30 and 30 feet long. In this tunnel caissons were
constructed for the explosives. The work of
building the tunnel was delayed by the foul air,
for much would not burn a fire drill, and the
entrance. The loading of the caissons occupied
two days. Five hundred and fifty kegs of pow-
der and four tons of dynamite were placed in
total darkness, for to use a light meant too
many chances against the lives of the workmen.
Charles Stiles, of Graniteville, Me., an expert
in blasting, supervised the operation.

Scores of conspicuous granite men from New
York, Philadelphia, Chicago, and St. Louis ar-
rived to-day, and 5,000 persons from all parts
of Knox county gathered on the hillsides. At 1
o'clock mounted men on all avenues of ap-
proach, and the hill was completely encircled
by a mile to seek safety. At 2 o'clock James
Smith, son of the superintendent of the Hurri-
cane quarry, pressed an electric button and a
niff of smoke was followed by the lifting, high
in air, of the huge bluff. One hundred thousand
pounds of the finest granite had been exposed, and
evidently 100,000 tons of it. The work was seen
in every direction. The shock was tremen-
dous in one direction, but hardly perceptible
toward Rockland. The explosion cost \$30,000
and made serviceable \$100,000 worth of granite.

THRASHED THE THREE.
Mrs. Neely Beat Him with a Club Until He
Gave Up the Stolen Clothes.

BELLEVILLE, N. J., Nov. 4.—A sneak thief re-
ceived a warm reception at the hands of Mrs.
Neely, Nov. 3, when he entered the yard, and going to
the back door of the house tried to find it locked.
The stranger went over to a clothesline and
taking a suit of clothes, which had been put out
for airing, went into an outhouse. Mrs. Neely
saw him, and went to the outhouse, and found
the window in time to see the man disappear.
At the same time Mrs. Neely discovered that the
suit of clothes, which was owned by one of her
boarders, had been stolen.

Judging that the man had taken the suit of
clothes, Mrs. Neely armed herself with a large
club, and went to the outhouse, and found the
man. When the man came out she de-
manded that he return the clothes. The man
refused, and Mrs. Neely beat him with the club.
The man, however, showed that he had
stolen the clothes, and Mrs. Neely beat him
until he gave up the stolen clothes.

NO DUKE AT REHEARSAL.

SO THE NOCK CEREMONY WENT ON
WITHOUT HIM.

MISS VANDERBILT FORGOT TO LINE UP
FOR THE FIRST Trial of the Bridal Party's
March to the Altar—The Two Succeed-
ing Trials Gave Through Without a
Hitch a Crowd at St. Thomas's Church
to See the Duke and His Future Bride.

The Duke of Marlborough has said several
times that he would not attend a rehearsal
of his wedding, and he has kept his word. The
rehearsal took place at St. Thomas's church
yesterday afternoon at 3:30 o'clock, and of the
bridal party, besides the Duke, his best man,
Mr. C. G. West, W. K. Vanderbilt, and Brock-
hollow Cutting, one of the grooms, was
absent. It had been announced that
the rehearsal would be held between 2 and
4 o'clock, and as early as 1 o'clock a crowd
began to gather at Fifty-third street and Fifth
avenue. An hour later fully a thousand per-
sons were gathered at the Fifth Avenue street
from Fifth Avenue to the west end of the
church. The Fifty-third street entrance
seemed to be the only open approach
to the church. The Duke's men, 125 of them,
went in and out as they presented the work of
decorating the interior, and the crowd con-
tinued to grow. The Duke's carriage was
seen in the rehearsal, and the Duke's
same way.

At precisely 2:30 o'clock Mrs. Vanderbilt's
carriage, a landau drawn by a pair of English
hackneys, the coachman and footman in
black, and the groom, Mr. Brockhollow Cutting,
arrived at Fifty-third street, and drove
up the side entrance to the church. In the
carriage were Mrs. Vanderbilt, Miss Vander-
bilt, and W. K. Vanderbilt Jr.

The crowd fell back, leaving a narrow lane,
through which the party all ran into the
church. The Duke's men, 125 of them, were
seen in the church. The Duke's carriage was
seen in the rehearsal, and the Duke's
same way.

A slight of the future Duchess only partly
gratified the curiosity of the crowd, which
wanted to watch a glimpse of the Duke. While
they waited for him to come the rehearsal
was going on inside the church. The rehearsal
was a success. The Duke's carriage was
seen in the rehearsal, and the Duke's
same way.
